Item n.	Product code	Description	Unit price in Euro €	Q.ty	Disc. %	Total net price in Euro €
<u>R290/R600 CHARGING STATION</u>						
<u>EVACUATION & REFRIGERANT CHARGING EQUIPMENT FOR HC/HFC:</u>						
1	40012002	MOD. CERTUS 12 (up to 25 g/s HC - 45 g/s HFC) 1 COBRA E automatic filler-3,5m ¼" Hansen® type 2 dosing cylinders 200 programmable charges, R&W included	48.550,00	1	33	32.529,00
2	20020599	18 m3/h double stage vacuum pump EX One refrigerant filter for HC is included	-	1	-	0,00
3	20090029	REFRIGERANT FILTER (for HFC, HCFC, CFC with quick coupler) 10 µ 120 bar filter included - up to 35bar	205,00	1	33	138,00
4	20020569	OVER-HEAD FILLER KIT	-	1	-	0,00
5	20022444	INSTALLATION KIT	465,00	1	33	312,00
6	50380002	SUPPORT BALANCER 3/6 KG FOR FILLER	105,00	1	33	71,00
7	20020617	OVERHEAD FILLER GAITER SUPPORT	100,00	1	33	67,00
<u>DISTRIBUTION LINE:</u>						
8	20020430	KIT REFRIGERANT SUPPLY FROM BOTTLE "NO TRANSFER PUMP REQUIRED"	-	1	-	0,00
9	55040056	EX 12 KG REFRIGERANT TANK HEATER 700WATT	715,00	1	33	480,00
10	20110069	SINGLE TANK SUPPORT FOR HC 10-15 kg TANKS	280,00	1	33	188,00
<u>R290 GAS DETECTOR SYSTEM:</u>						
11	35010261	MOD. CERBERUS NF - DRÄGER suitable for HC refrigerants, with 8 channels control board 2 programmable alarm levels 15% and 30% (L.E.L) Standard power supply: 230V 50/60Hz 1ph	9.650,00	1	33	6.466,00
12	20020545	IR DRÄGER SENSOR	2.850,00	2	33	3.819,00
13	35010014	PSCB (POWER SUPPLY CONTROL BOX) UP TO 1,5 KW	1.000,00	1	33	670,00
14	20020500	PSCB UPGRADE UP TO 4 KW - TO BE ADDED TO THE BASIC VERSION	235,00	1	33	158,00
<u>VENTILATION SYSTEM:</u>						
15	40030020	MOD. WIND I (ASPIRATION SYSTEM FOR HC) <u>DUCTS NOT INCLUDED</u> 400V 50Hz 3ph single fan, 2 speed 'nominal fan flow rate 3000/6000 m3/h power supply box - interfaced with gas detector system CERBERUS	9.150,00	1	33	6.131,00
16		Installation, up to 5 working travel days Flight tickets, hotel accomodation and local transfers not included				3.000,00
Total net						€ 54.029,00

SALES TERMS & CONDITIONS

Currency: € - Euro
 Delivery time: 31/08/2017
 Pro-forma validity: 7 Days
 Incoterms: EXW
 Warranty: 1 year from invoice date
 Pre-inspection: pre-inspection to be performed by Refair. Final user will send the pictures of charging and ventilation areas before shipping goods. Before the arrival of Galileo TP, both protection box and ventilation ducts/hoods should be already mounted as well as power supply box and all utilities
 Installation: up to 6 working/travel days quoted above
WARNING
 according to the new european directives, before the installation it's necessary an external certification of the hazardous areas / ATEX classifications, usually issued from a local accredited agency (in that case Estonia)
 The final user must provide to Galileo TP the " no impediment to" signed and stamped from an accredited agency or Doctor Engineer with such powers where you say that the HC charging station , as it is with two gas sensors, it's compliant with ATEX regulations and all other European directives concerning installations in hazardous areas, therefore you can charge HC gases.
 Without such certification, our technician into the final report after installation will write that the charging station is not compliant and cannot work with flammable/explosive gases.

Payment terms: 70% before shipment, 30% w/t 60 days from invoice date
 Bank references: UNICREDIT CORPORATE BANKING
 Iban code: IT 47 N 02008 02837 000004285879
 Swift code: UNCRITMM
